

BLOSSOM

Private label products for your standards

Blossom delivers wholesome and tasty food products from Poland. We specialize in special requirement products (such as religious and particular diet preparation).

We know that for Polish people preparing delicious food is a long-lasting tradition. Polish soil is famous for its richness and mild climate ensures abundant high-quality crops. For that reasons we decided to promote polish food around the world.

We are proud to offer to our customer high-quality goods with all the necessary certificates. Our main goal is to feed people with wholesome food based on long-term cooperation with our customers.

We are responsible for the products over the course of all stages: from the first ideas to market survey, to development and packing, to transport and delivery.
